

# VacioPak

## BES Guarantees:

that your wrapped sterile instruments... **stay sterile!**

### Say “no” to:

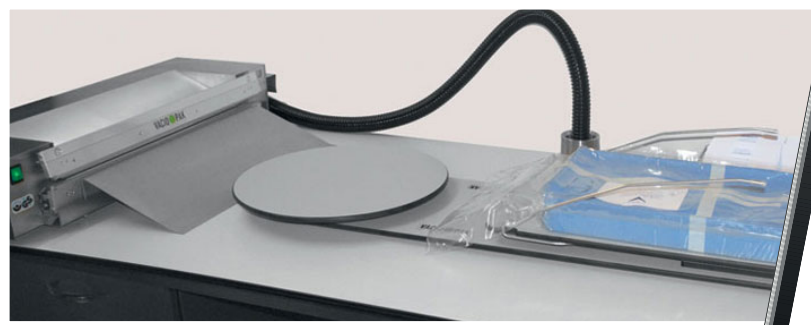

- Unexpected non-sterile sets before surgery
- Resultant delays in theatre
- Unnecessary reprocessing costs
- Time wasted on packing and unpacking

### Say “yes” to:

- Safe and secure storage and transport of wrapped sterile instruments
- Longer shelf life of sterile sets
- Clear advance indication of damaged packaging
- Reliability and cost savings

“VacioPak has delivered over **£67,000** of savings in less than a year at Cowlairs, Europe’s ‘largest’ CDU”

Want to make big savings? Contact BES at 01179 666 761 or email [marketing@bescorporate.net](mailto:marketing@bescorporate.net)

# VacioPak

VacioPak from Enthral is already saving money for CSSDs across Europe, and can help you and your clients save money and avoid cancelled lists as well!

## Financial Savings from:

- Cancelled lists due to unusable sets
- Cancelled lists due to instrument 'migration'
- Damaged instruments from excess movement in trays
- Unnecessary reprocessing of sets with damaged wraps
- Lower cost wraps
- Pouch reusable for returning sets to CSSD
- Longer shelf-life

## Security from:

- Protection from microbial or moisture ingress
- Maintained sterility
- Easier transportation
- Reusable pouch for keeping instruments for return to CSSD
- Visual confirmation of integrity of wrapped kit:

## Process
